Dear Edna -

Well, I found these
in the process of rummaging
you might like to have -
But so far have not found
the picture you mentioned of
Buddy. However I'm still
looking! Have one more place
to look but it's got a lot of
heavy stuff on top (which I
can't lift) As soon as Owen
lifts it off - then I'll go through
that last box to get it.

I know you'll like it because
the 3 of them are laughing &
having fun. All have on straw
hats - going fishing -
love you

Mary

Dear Edna,

Finally found the picture of Tommy, Gus & "Zookie" MacKenzie, a girl from San Marcos who went to school with Gus at Carroll College (San Antonio). The picture does not have much contrast - but a good picture because they had so much fun fishing at Padre Island.

Much love,

Mary
